GENDERX

Product Specifications:

Material: Silicone, ABS plastic
Battery: 500mAh, Polymer Li-ion
Voltage: 3.7V
Number of Vibrations: 7
vibrations, 7 sucking intensities
User time: 1 hour
Sound Level: <60dB

CHARGING INSTRUCTIONS

This vibrator arrives with a very low charge, so it is recommended to fully charge before use.

Connect the USB end of the charging cable into the port of your power source and the other end onto the magnetic charging pins located below the control panel at the base of the toy's handle.

Initial charge will take about 2.5 hours, and subsequent charges will take about 2 hours to complete.

The indicator light will flash while device is charging and remain solid when toy is fully charged. There is no danger of battery damage by overcharging, but it's recommended not to overcharge for long periods of time.

Charge lasts for about 60 minutes of play time on the lowest level of vibration, and about 40 minutes on the highest level.

This toy operates at a sound level of about 60db with a rechargeable 500mAh lithium battery at 3.7V.

INSTRUCTIONS FOR USE

This toy has a convenient 2-button control at the base of the toy's handle. To turn motor on, press the bottom Power Button for at least 2 seconds. The

LED indicator light will turn on and the vibration function will begin at its lowest frequency. Press the Power Button again more quickly to cycle through 7 vibration speeds and functions. The indicator light will flash once for every new speed or function. Press the button twice quickly to put the vibration motor in standby, allowing you to use the suction motor without vibration.

With toy in standby mode, press the top Suction Button to engage the suction function. Press the Suction Button again more quickly to cycle through 7 suction intensities. To turn toy off completely, press the Power Button for at least 2 seconds.
